

Sports x Music x Disaster Prevention

# A circle of people connected by GPS running (walking), music and disaster prevention!

Calling for interested participants!

Please register via the  
QR code given.

Using the tracking functions of the GPS to create art and messages on the map, therefore giving it the name "GPS art".

At this event, we will be walking around the Hyogo International House with 5 teams striving to clear missions about disaster prevention and trying out GPS art together. Finding out what you drew after it's done is the real surprise! After that, we will be receiving a disaster prevention lecture on the places we visited and enjoy the rest of the day through music and international exchange!

**March 6th, 2022 (Sunday)**

**13:30 ~ 16:30PM**

## Time Schedule

- 13:00~ Reception Hours (HIH Lobby)
- 13:30~ Run-through of today, GPS walk  
→ Nagisa Junior High School
- 15:30~ Disaster Prevention & Music
- 16:30 Closing

## ●What is GPS art?

Using the GPS application that allows you to add color to your path, we will be creating GPS art and messages on the virtual map while walking. GPS art has started being referred to as a "Modern version of Nazca's Geoglyphs" due to its similar characteristics and has begun to attract attention throughout the world while ushering the art form into a new era.
